

Feydhoo Hall

A flexible 390 sqm venue for
conferences, celebrations and full-
scale productions

dusitD2

FEYDHOO · MALDIVES

One venue adapts to business, social and outdoor events

Purpose-built flexibility

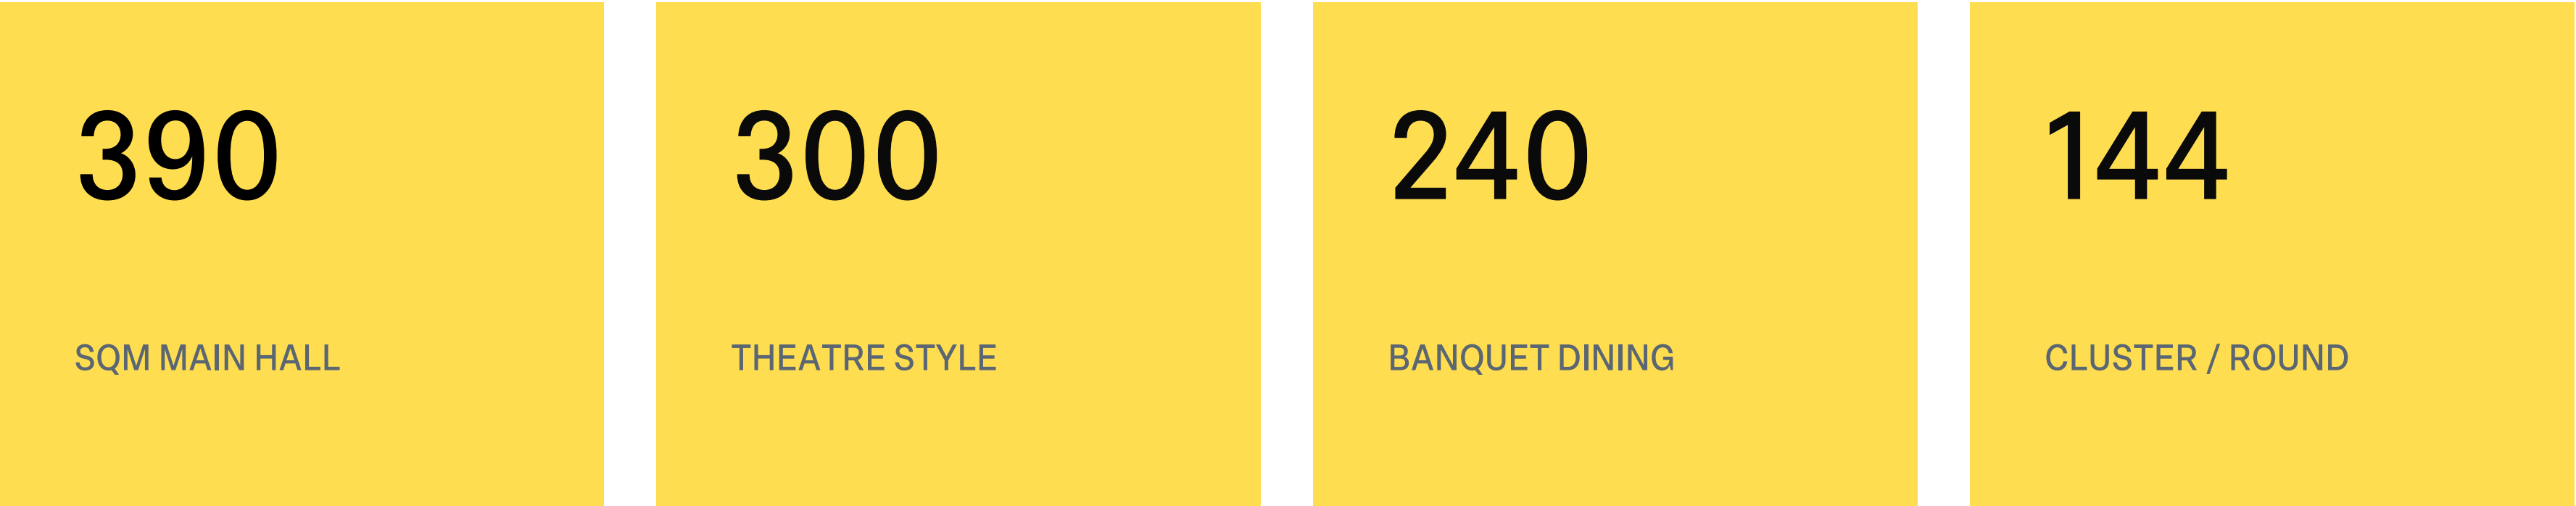

Feydhoo Hall brings together a high-ceiling indoor convention space and an expansive beachfront lawn.

The complex is suited to conferences, corporate gatherings, weddings, exhibitions and large-scale celebrations.

Indoor + outdoor event flow

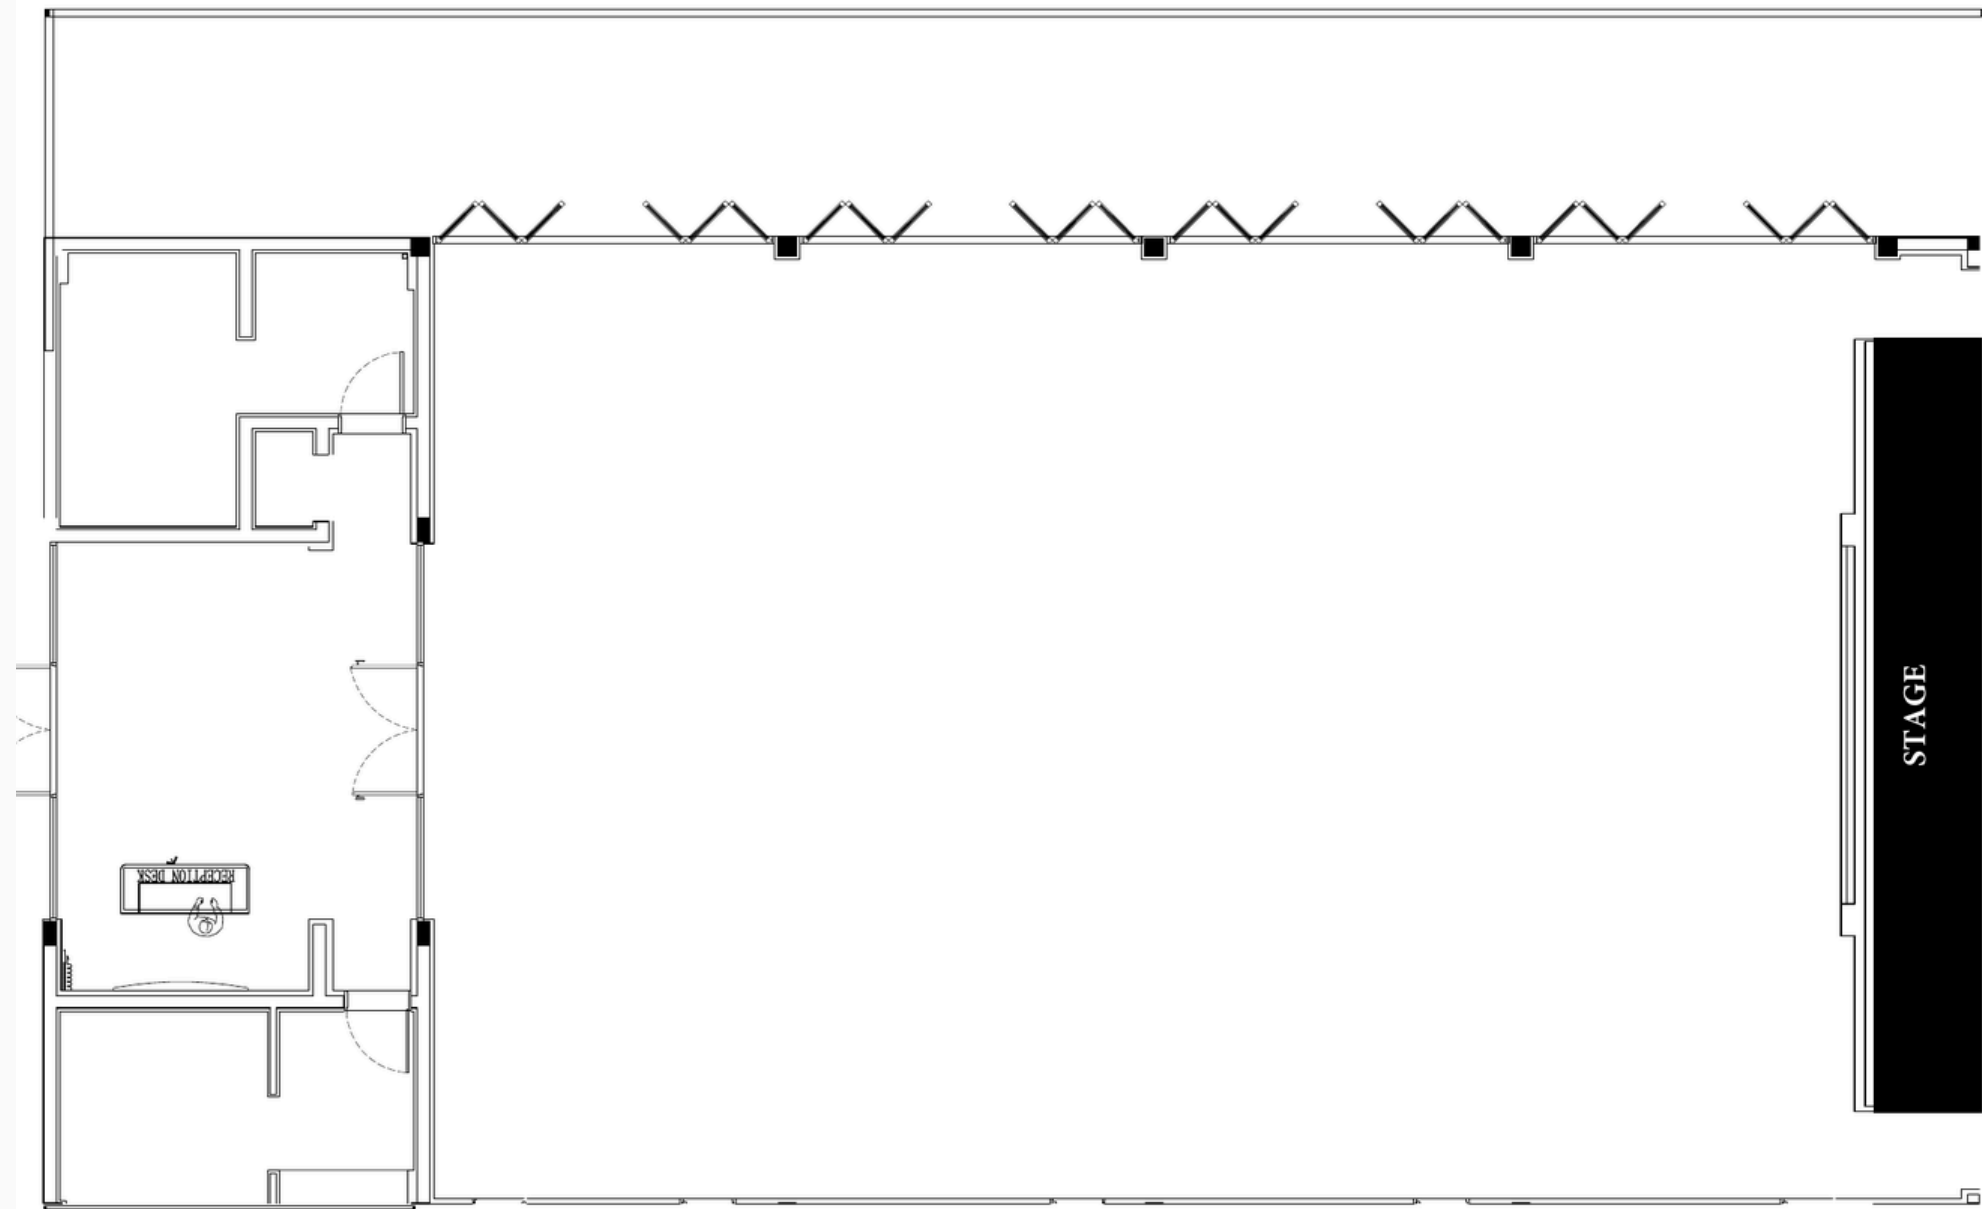

A 390 sqm hall scales across three core event formats

A 9.0 m central peak adds vertical presence, while the hall supports layouts from formal theatre seating to banquet dining.

9.0 m at central peak · 2.9 m at sides

An open floor plate supports custom staging and guest layouts

390 sqm

A clean base for event design

The empty plan preserves the fixed stage and access points while leaving the central hall clear for tailored seating, exhibition, dining or production layouts.

The LED screen is built for clear, high-impact event content
